Bushey Heath Primary School: History Curriculum Overview

This enquiry-based curriculum map uses questions to facilitate chronological development and progression in historical thinking skills across key stages.

Using the national curriculum as a starting point, the extended content aims to ensure detailed subject knowledge that enthuses and inspires children's love of history (what better way to start than with the study of dinosaurs?) and is developed alongside developing historical thinking skills.

The new curriculum map will ensure children:

- repeatedly return to historical topics as they progress through the key stages, developing and deepening their understanding of historical content
- become more competent historical thinkers
- leave Bushey Heath Primary school as historically literate citizens

Early Years Foundation Stage

Understanding the World Past and Present ELG

Children at the expected level of development will: - Talk about the lives of the people around them and their roles in society; - Know some similarities and differences between things in the past and now, drawing on their experiences and what has been read in class; - Understand the past through settings, characters and events encountered in books read in class and storytelling;

KS1	Autumn		Spring	Summer
Topic	Prehistoric Britain		Empires and Civilisations	Explorers and Pioneers
NC	Dinosaurs Stone Age to Iron		Romans	Lives of significant individuals/ Local History
content		Age		Events beyond /within living memory:
NC concepts	Evidence	Similarity and difference Continuity and change Evidence Making connections	Significance Relationships between different groups Arguments and interpretations Making connections	Achievements of Mankind Similarity, difference and significance Continuity and change Significance/ Evidence Historical interpretations Making connections Changes within living memory

Theme:	Different types	Tools and weapons	Invaders	Travel
Year 1	How do we know that	When were the Stone	Place on timeline	When was the wheel invented?
	dinosaurs exist?	Age, Bronze Age and	14.5	
	Have ald are dispasses	Iron Ages?	Who were the Romans?	How did this change peoples' lives? How do we know?
	How old are dinosaur bones?	Why were they given	(Compare time scales with Iron Age)	How did Julius Caesar travel?
	bones!	those names?	Why did they come to Britain? Were they friendly?	How do we know?
	Place on timeline	those names:	How do you know?	Tiow do we know:
		What tools/ weapons		How did people travel in Bushey 100 years ago? How do
	Investigate questions	did they make?	What did they look like? How did this differ from the	we know?
	linking dinosaurs to		Iron Ages people? i.e. How did their clothes differ from	
	current animals/items i.e.	Place on timeline	the iron age/Stone Age people?	Who was the first man to travel to the moon? How did
	How many elephants did			he travel? How do we know?
	the heaviest dinosaur weigh?		Who was Julius Caesar? Why was he important? How	Who was the first woman to travel to walk on the moon?
	weigit!		did he dress?	Willo was the first woman to traver to wark on the moon!
	How many double decker		did the dress:	How do you travel now? What has changed? What has
	buses are the equivalent			stayed the same?
	height of a			,
	Brachiosaurus?			
	What is the brain of an			
	adult Stegosaurus			d. actablish historical significance
	equivalent in size to?			1: establish historical significance 2: use primary source evidence
	X link Maths			3: identify continuity and change
		1: establish historical	1: establish historical significance	4: analyse cause and consequence
	1: establish historical	significance	2: use primary source evidence	5: take historical perspectives
	significance	2: use primary source	3: identify continuity and change	6: understand the ethical dimensions of historical
	2: use primary source	evidence	4: analyse cause and consequence	interpretations
	evidence 3: identify continuity and	3: identify continuity	5: take historical perspectives	
	change	and change	6: understand the ethical dimensions of historical	
	4: analyse cause and	4: analyse cause and	interpretations	
	consequence	consequence		
	5: take historical perspectives	5: take historical		
	6: understand the ethical dimensions of historical	perspectives		
	interpretations	6: understand the ethical dimensions of		
		historical		
		interpretations		
Vocabulary:	Dinosaur, exist, evidence,	Stone, bronze, iron,	Roman, empire, invasion, conquer, lifestyle, tunic,	Mesopotamia, invention, evidence, travel, transport,
	prehistoric, compare,	materials, tools,	shawl, toga, sandals, emperor, ruler	space race, NASA, astronauts, exploration, compare,
	larger, smaller, big, bigger,	weapons, hunting,		contrast, evidence
	biggest	spear, axe, bow and		
		arrow, sickle		

	Autur	nn	Spring		Summer
NC content	Dinosaurs	Stone Age to Iron Age	Saxons and Scots	Saxons and Scots	Lives of significant individuals/ Local History Events beyond /within living memory:
Year 2	When was the Jurassic Period? What was the Diplodocus and was it a carnivore or herbivore? What was the Tyrannosaurus Rex and was it a carnivore or herbivore? How do we know?	When were the Stone Age, Bronze Age and Iron Age? What tools/ weapons did they use? What did the homes look like? How does this compare to your house?	Who were the Scots? (Focus on invasion) Who were the Anglo Saxons? (Focus on invasion) How did the Anglo-Saxons and Scots live (choose one area to focus on such as housing/weapons/the role of women)? Compare this to how the Stone Age and Bronze Age people lived. 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations		How did the Scots and Anglo Saxons travel? When was the first flying machine invented? What did some of the earlier prototypes look like? What different types of flying machine were invented? Who flew the first planes? How did this change peoples' lives? How do we know? x link to geography
	What were the differences? 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	1; establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations			How do you travel now? What has changed? What has stayed the same?
Vocabulary:	Timeline, Jurassic, carnivore, herbivore, evidence, similarities,	Chronology, spear, axe, bow and arrow, sickle, quern, hoe, hunter/ gatherer/	Invasion tribes, hunt weaving, settlement,	ing, farming, thatched roof, migration	Sail boats, oars, invention, aviation, engine, evidence, records, navigation, propeller, glider,

KS2 Topic NC	Autumn Prehistoric Britain Dinosaurs	farming, settlement, tribe, huts, roundhouse, artefacts Stone Age to Iron Age	Spring Empires and Civilisations Ancient Greece	Ancient Egypt	Summer Kings and Queens Beyond 1066: Henry	World war II Beyond 1066: Queen
content		1.20.00			VIII	Victoria
Theme	Sources Evidence	Lifestyles Similarity and difference	Civilisations Diverse societies Continuity a	and change	Empire Peasantry Sign	nificance
NC concepts	Continuity and change Significance	Continuity and change Evidence Making connections	Similarity, difference and sign Evidence Arguments and interpretation Making connections	nificance s	Evidence Arguments and interpre Making connections Cause and consequence	etations ollies of Mankind ce
Year 3	How do we know dinosaurs existed? Who studies fossils and prehistoric life? When did Dinosaurs die out? What caused this to happen? Was this change long lasting? Did any of the dinosaurs survive? 1: establish historical significance 2: use primary source evidence 3: identify continuity and change	What evidence of art/sculptures do we have from Prehistoric Britain? What are megaliths? How did they paint? When was the earliest evidence of art? 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives	Who were the Ancient Egyptians? What was the greatest corday life? (i.e., hieroglyphic What does the art/sculpturus? How did their societies difference on timeline 1: establish historical signate: use primary source evications identify continuity and constitution in the state of the constitution in	restribution to modern soldemocracy) res from the period tell fer from ours today? ificance dence hange sequence lives	Why is Henry VIII so famous? What has been the greatest impact of Henry VIII? (Focus on separation of church and state) Is it significant? Place on timeline 1: establish historical significance 2: use primary source evidence 3: identify continuity and change	Who were the Victorians? How is Queen Victoria related to our current Queen? What lasting legacies have been left by the Victorian era? Focus on industrialisation and the introduction of the railways i.e. How did the expansion of the railways affect people's lives? How did people react at the time? Place on timeline 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives

	4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	6: understand the ethical dimensions of historical interpretations			4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	6: understand the ethical dimensions of historical interpretations
Vocabulary:	Prehistory, BC, AD, paleolithic, mesolithic, neolithic, palaeontologist, fossil, evidence, remains, extinction, theory, descendants, ancestors	Stone Age, Bronze Age, Iron Age, artefacts, structure, monument, megalith, henge, stone circle, solstice, cave paintings, sculpture, figurines,	Ancient civilisations, BC, AD, legacy, democracy, impact, hieroglyphics, communication, culture, society, significance		King, monarch, Tudor, Catholic, Protestant, Reformation, Church and State,	Queen, monarch, empire, Victorians, legacy, industrial revolution, expansion, technology, wealth, workhouse
	Aut	umn	Sprin	g	,	Summer
NC content	Stone Age to Iron Age	Britain before the Roman Empire	Romans	Saxons and Scots	Beyond 1066: Start of WWII	WWII Home front

Vocabulary:	ancestors first start to farm? How did farming/ hunter gathering look in Prehistoric Britain? 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	who lived in Britain before the Roman invasion and what we know about their lives? Focus on-Celts -warring tribes -hill forts -lack of transport/roads place on timeline 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	Why did she join forces with the Trinovantes? Was she successful? What can we learn from this event? Place on timeline 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	the Romans and Anglo-Saxons make to the British way of life (compare and contrast with Celts) Who has made the biggest difference to Britain, the Romans or the Anglo-Saxons? Place on timeline 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations	go to war? Why did Britain go to war in 1939? What countries fought on which side? Who were the main leaders in WWII? Place on timeline 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations War, cause, The	in 1939? What was the Home front? What effect did the war have on people? How did people protect themselves during WWII? 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of historical interpretations Home Front, rationing,
	gatherer, settlement, farming, tools, domesticated,	roundhouse, hill fort, wattle and daub, thatch, warrior,	invasion, rebellion, battle, significance	significance, compare, invaders,	Allies, The Axis, leaders, Adolf	coupons, civilians, armament, munitions factories, evacuation,

	agriculture, cultivation, livestock, tools, human development				Hitler, Winston Churchill, invasion,	Home Guard, Air Raid Wardens,
NC Content	Dinosaurs	Stone Age to Iron Age	Vikings	Vikings	Queen Victoria- crime and punishment	Queen Victoria
Year 5	What are the different theories as to why dinosaurs died out? What do you think happened to the dinosaurs? How have you come to this decision? When did mammals first appear? When did humans first appear?	How did fire help prehistoric people? When did we start using it? How did we benefit from it?	Vikings- what were they like? Why have the Vikings gained such a bad reputation? Are we fair to the Vikings? Can you justify your conclusion? Possible x link literacy / Persuasive text	How have recent excavations changed our view of the Vikings? What have these excavations revealed about the Viking way of life? How did the Vikings change Britain? How did people react at the time?	When and why were the police, force created? How did the law change during the Victorian era? How was the punishment for stealing different then from today? Was it fair?	What is an empire? Why did the British have an empire? Why did it collapse? Why is this significant?
	X link science 1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of	1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions of	1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives	1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives	1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence 5: take historical perspectives 6: understand the ethical dimensions	1: establish historical significance 2: use primary source evidence 3: identify continuity and change 4: analyse cause and consequence

	historical interpretations	historical interpretations	6: understand the ethical dimensions of historical interpretations	6: understand the ethical dimensions of historical interpretations	of historical interpretations	5: take historical perspectives 6: understand the ethical dimensions of historical interpretations
Vocabulary:	BC, AD, evidence, archaeology, palaeontology, theories, refute, support, population, competition, asteroid, disease, climate, evolution, ancestors,	Prehistory, natural fire, conserved fire, kindled fire, fuel, social, survival, warmth, light, cook, development	Reputation, evidence, artefacts, opinion, invaders, settlers, primary sources, secondary sources, monks, monastery	Reputation, evidence, artefacts, opinion, invaders, settlers, primary sources, secondary sources, trade, agriculture, craftsmen, settlements, legacy	Industrial revolution, expansion, change, population, empire, highwaymen, smuggling, traitor, trespass, society, strike, riot, Bobbies, Peelers, transportation, prison, hard labour	Empire, rule, trade, export, import, significance, growth, decline, impact, Commonwealth
