## Equality Scheme

A vibrant school inspiring children to realise their potential

### 1 Vision and Values

---

Our equality vision and the values that underpin school life

---

#### ***Our equality vision and the values that underpin school life at Bushey Heath Primary School***

At Bushey Heath Primary School, we aim to create an environment for learning which will encourage all children to achieve the highest standards through the provision of a broad, balanced and imaginative curriculum, high expectations, praise for a task well done and through committed, enthusiastic and effective teaching.

We will work hard to help children to develop into confident, responsible and caring adults through clearly articulated parameters and in an atmosphere of tolerance and mutual respect.

We will promote the spiritual, moral, cultural, mental and physical development of pupils at the school and in society, and prepare pupils at the school for the opportunities, responsibilities and experiences of later life.

***To achieve this we will take account of the following guiding principles:***

#### **Principle 1: All learners are of equal value**

We see all learners and potential learners, and their parents and carers, as of equal value:

What are protected characteristics?

It is against the law to discriminate against someone because of:

- Age.
- Disability.
- Gender reassignment.
- Marriage and civil partnership.
- Pregnancy and maternity.
- Race.
- Religion or belief.
- Sex.
- Sexual orientation.

These are called protected characteristics under the Equality Act 20

#### **Principle 2: We recognise and respect difference**

Treating people equally (Principle 1 above) does not necessarily involve treating them all the same. Our policies, procedures and activities must not discriminate but must nevertheless take account of differences of life-experience, outlook and background, and in the kinds of barrier and disadvantage which people may face, in relation to:

- Disability, so that reasonable adjustments are made.
- Ethnicity, so that different cultural backgrounds and experiences of prejudice are recognized.

- Gender, so that the different needs and experiences of girls and boys, and women and men, are recognized.
- Religion, belief or faith background.
- Sexual identity.

**Principle 3: We foster positive attitudes and relationships, and a shared sense of cohesion and belonging**

We intend that our policies, procedures and activities should promote:

- Positive attitudes towards people with disabilities, good relations between people with disabilities and those without, and an absence of harassment of people with disabilities.
- Positive interaction, good relations and dialogue between groups and communities different from each other in terms of ethnicity, culture, religious affiliation, national origin or national status, and an absence of prejudice-related bullying and incidents.
- Mutual respect and good relations between boys and girls, and women and men, and an absence of sexual and homophobic harassment.
- We will not reinforce harmful stereotypes, for instance by suggesting that children might be a different gender based on their personality and interests or the clothes they prefer to wear.

**Principle 4: We observe good equalities practice in staff recruitment, retention and development**

We ensure that policies and procedures should benefit all employees and potential employees, for example in recruitment and promotion, and in continuing professional development:

- Whether or not they have a disability.
- Whatever their ethnicity, culture, religious affiliation, national origin or national status.
- Whatever their gender and sexual identity, and with full respect for legal rights relating to pregnancy and maternity.

**Principle 5: We aim to reduce and remove inequalities and barriers that already exist**

In addition to avoiding or minimising possible negative impacts of our policies, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between:

- Disabled and non-disabled people.
- People of different ethnic, cultural and religious backgrounds.
- Girls and boys, women and men.

**Principle 6: Society as a whole should benefit**

We intend that our policies and activities should benefit society as a whole, both locally and nationally, by fostering greater social cohesion, and greater participation in public life of:

- Disabled people as well as non-disabled.
- People of a wide range of ethnic, cultural and religious backgrounds.
- Both women and men, girls and boys.
- Homosexual and bisexual people as well as straight.

**Principle 7: We base our practices on sound evidence**

We maintain and publish quantitative and qualitative information showing our compliance with the public sector equality duty (PSED) set out in clause 149 of the Equality Act 2010.

**Principle 8: Objectives**

We formulate and publish specific and measurable objectives, based on the evidence we have collected and published (principle 8) and the engagement in which we have been involved (principle 7). The objectives

which we identify take into account national and local priorities and issues, as appropriate. We keep our equality objectives under review and report annually on progress towards achieving them.

It is a way to ensure we meet diverse needs of our pupils/students and staff and that diversity, equality and inclusion run through all areas of school life.***

At the time of review of individual school policies, an assessment will be made of the effectiveness of each policy in relation to equality and diversity, and any improvements or amendments will be made accordingly.

The effectiveness of Bushey Heath Primary School's equality and diversity scheme, and any initiatives that arise from it, will be consistently monitored by staff, the senior management team and the Governing Body, and the scheme and resulting actions will be developed accordingly.

## 7: Our School's Equality: Summary of Aims 2022-2023

### Key Priorities for Action:

**1. Understanding Protected Characteristics:** Bushey Heath Primary school aims to ensure that all children comprehend the concept of protected characteristics by the end of Key Stage 2 (KS2). This understanding is assessed through pupil surveys, allowing the school to gauge the effectiveness of its efforts.

**2. Disability Access Consideration:** The school prioritises disability access when making adaptations to its premises. This includes planning for wheelchair access and providing facilities like disabled toilets. It extends to projects like the digital hub, ensuring inclusivity in all aspects of the school environment.

**3. Incorporating Equality in Policies:** Equality considerations are an integral part of the ongoing review of school policies. Ensuring equal treatment for all is a standing item in these reviews, ensuring that the school's commitment to equality is consistently upheld.

**4. Close Monitoring and Support:** The school employs various methods, including assessment, progress reviews, intervention programs, observations, parent feedback, and input from governors, to closely monitor all children's progress. This approach helps in identifying and addressing barriers or disadvantages that pupils might face.

**5. Promoting Inclusivity in Achievement:** The school works actively to bridge achievement gaps between boys and girls. It encourages girls' engagement in STEAM subjects by organising events like the Girls Grammar Science Day and introducing engineering units in the science curriculum. The goal is to foster confidence and participation in these subjects amongst all pupils, regardless of protected characteristics.

**6. Cultural Celebrations:** Cultural diversity is celebrated throughout the year via the assembly rota, which includes key cultural events for various religions and non-religious celebrations. Assemblies and the Religious Education (RE) curriculum reflect a balanced approach to major religions.

**7. Addressing Discrimination and Bullying:** Incidents of discrimination, verbal or physical abuse, and bullying related to protected characteristics are recorded in the school's Child Protection Management System. These incidents are reported to the Full Governing Board (FGB) meetings. An Anti-Bullying Toolkit is employed to prevent harmful behaviours and language that target specific groups or communities. All incidents are documented for investigation.

### Success Indicators:

The success of the primary school's equality scheme is measured through a combination of outcomes:

- Pupil and parental feedback
- Observations of students during their school journey
- Rapid progress, both academically and socially, among pupils with protected characteristics
- Effective handling and reporting of incidents related to discrimination, abuse, or bullying
